RESEARCH INTERESTS

NETWORK SCIENCE | PRIMARY RESEARCH AREA

Structure and dynamics of complex social, information & technological networks, machine learning with graphs
Methods and algorithms for network modeling, sampling & comparison, clustering & partitioning, link analysis
Applications in bibliometrics & scientometrics, fraud & anomaly detection, software engineering

DATA SCIENCE | OTHER FIELDS OF INTEREST

Selected areas of data analysis, data mining, stream mining, statistics

EDUCATION

PhD | COMPUTER AND INFORMATION SCIENCE

University of Ljubljana | Faculty of Computer and Information Science
Thesis "Detecting groups of nodes in networks using label propagation" | Advisor **Marko Bajec**
Course grade average: 9.82 / 10.0 | Thesis grade: 10
Oct 2008 – June 2013

DIPLOMA [BSc] | COMPUTER SCIENCE AND MATHEMATICS

University of Ljubljana | Faculty of Computer and Information Science & Faculty of Mathematics and Physics
Diploma "Detecting fraud based on the analysis of social networks" | Advisors **Marko Bajec** & **Matjaž Kukar** | **Prešeren award**
Course grade average: 9.78 / 10.0 | Diploma grade: 10 | Summa Cum Laude
Oct 2004 – Sep 2008

POSITIONS

ASSOCIATE PROFESSOR | COMPUTER AND INFORMATION SCIENCE

University of Ljubljana | Faculty of Computer and Information Science
Oct 2022 – Oct 2027

RESEARCH FELLOW | METHODOLOGY, STATISTICS AND INFORMATICS

University of Ljubljana | Faculty of Social Sciences
Jan 2018 – Dec 2025

TEACHER & ASSISTANT

University of Ljubljana | Faculty of Computer and Information Science
Oct 2015 – & July – Dec 2013

[POSTDOCTORAL] RESEARCHER

University of Ljubljana | Faculty of Computer and Information Science
Oct 2008 – June 2015

FUNDING

Slovenian Ministry of Education, Science and Sport & European Union, European Social Fund
Development of algorithms for network analysis in large company | Funding awarded **73,152 €**
Jan 2014 – June 2015

AWARDS & HONORS

- 2017 **UNIVERSITY AWARD** | University of Ljubljana | Young university professors
- 2012 **NATIONAL AWARD** | Slovenian Research Agency | Journal publication
- 2011 **FACULTY AWARD** | University of Ljubljana | Faculty of Computer and Information Science | Journal publication
- 2008 **PREŠEREN AWARD** | University of Ljubljana | Faculty of Computer and Information Science | BSc thesis
- 2008 **1ST PLACE** | University of California, San Diego | Data Mining Contest | Undergraduate division
- 2006 **RECTOR'S LIST** | University of Ljubljana | Top university students
- 2005 – 08 **DEAN'S LIST** | University of Ljubljana | Faculty of Computer and Information Science | Top faculty students
- 2000 – 08 **ZOIS FELLOWSHIP** | Slovene Human Resources and Scholarship Fund | Top national students

TALKS & SEMINARS

- “Network abstraction with backbones and skeletons: Spanning trees versus convex skeletons” | Department seminar (**Imperial College London**, Centre for Complexity Science, 2022) | Host **Tim Evans**
- “On computing spanning trees of unweighted networks” | *Wednesday Seminar* (University of Ljubljana, Faculty of Mathematics and Physics, 2021) | Host **Vladimir Batagelj**
- “Intermediacy of publications: Uncovering important publications for the development of a field” | At: *6th European Conference on Statistical Network Science COSTNET* (online, 2020)
- “Label propagation for clustering” | At: *6th Slovenian Conference on Network Science NetSlo* (Ljubljana, Slovenia, 2020)
- “Intermediacy of publications” | At: *5th Slovenian Conference on Network Science NetSlo* (Ljubljana, Slovenia, 2019)
- “Intermediacy of publications” | *AI Seminar* (University of Ljubljana, Faculty of Computer and Information Science, 2019) | Host **Marko Robnik-Šikonja**
- “Convexity in complex networks” | *LCN2 Seminar* (**Leiden University**, Institute of Advanced Computer Science, 2017) | Host **Frank W. Takes**
- “Network analysis in bibliometrics” | Department seminar (**Leiden University**, Centre for Science and Technology Studies, 2017) | Host **Vincent Traag**
- “On convexity in complex networks” | At: *6th International Workshop on Social Network Analysis ARS* (Naples, Italy, 2017)
- “Should you (not) publish in computer science journals?” | *Cookie Seminar* (University of Ljubljana, Faculty of Computer and Information Science, 2017) | Host **Sebastijan Šprager**
- “Comparison of methods for clustering scientific publications based on citations” | *IBMI Seminar* (University of Ljubljana, Faculty of Medicine, 2017) | Host **Nataša Kejžar**
- “Reliability of bibliographic databases for scientometrics network analysis” | At: *8th International Conference on Information Technologies and Information Society ITIS* (Šmarješke toplice, Slovenia, 2016)
- “On convexity in complex networks” | *Wednesday Seminar* (University of Ljubljana, Faculty of Mathematics and Physics, 2016) | Host **Vladimir Batagelj**
- “Network analysis vs WikiLeaks” | *Cookie Seminar* (University of Ljubljana, Faculty of Computer and Information Science, 2015) | Host **Janez Demšar**
- “Selected topics from network analysis” | *Wednesday Seminar* (University of Ljubljana, Faculty of Mathematics and Physics, 2014) | Host **Vladimir Batagelj**
- “Network analysis” | Habilitation lecture (University of Ljubljana, Faculty of Computer and Information Science, 2014) | Host **Igor Kononenko**
- “Network and link analysis” | Department seminar (**University of West Bohemia**, Department of Computer Science and Engineering, 2014) | Host **Dalibor Fiala**
- “Detecting groups of nodes in networks by label propagation” | Invited lecture (Faculty of Information Studies in Novo mesto, 2014) | Host **Zoran Levnajc**
- “An expert system for detecting automobile insurance fraud using social network analysis” | Invited talk (Slovenian Academy of Sciences and Arts, 2013) | **National award**
- “Detecting insurance fraud using network analysis” | *Seminar for Probability, Statistics and Financial Mathematics* (University of Ljubljana, Faculty of Mathematics and Physics, 2013) | Host **Aleš Toman**
- “Structured-world conjecture: On modules and communities in real-world networks” | Group seminar (**Stanford University**, Computer Science Department, 2012) | Host **Jure Leskovec**
- “Structured-world conjecture: On modules and communities in real-world networks” | *AI Seminar* (**University of California, San Diego**, Department of Computer Science and Engineering, 2012) | Host **Charles Elkan**
- “Introduction to data networks analysis” | Invited lecture (University of Ljubljana, Faculty of Computer and Information Science, 2010) | Host **Marko Bajec**

- 2015 – *Journal of Computer Science and Engineering* | Editorial board

JOURNAL ADVISORY

- 2024 *Journal of Computational Science* (Elsevier) | Reviewer
- 2016 | 24 **PLoS ONE** (Public Library of Science) | Regular reviewer
- 2023 *Journal of Classification* (Springer) | Reviewer
- 2019 | 23 **Quantitative Science Studies** (MIT Press) | Regular reviewer
- 2014 | 20 | 22 **Scientific Reports** (Nature Publishing Group) | Regular reviewer
- 2014 | 21 **Social Network Analysis and Mining** (Springer) | Regular reviewer
- 2020 **Journal of the Royal Society Interface** (Royal Society Publishing) | Reviewer
- 2016 | 17 | 20 **Scientometrics** (Springer) | Regular reviewer
- 2016 | 17 | 20 **Journal of Informetrics** (Elsevier) | Regular reviewer
- 2015 | 18 | 20 **Entropy** (Multidisciplinary Digital Publishing Institute) | Regular reviewer
- 2017 | 19 **Journal of Complex Networks** (Oxford University Press) | Regular reviewer
- 2018 **IEEE Access** (IEEE) | Reviewer
- 2012 – 18 **Physica A** (Elsevier) | Regular reviewer
- 2017 **European Physical Journal B** (Springer) | Reviewer
- 2017 *Italian Journal of Applied Statistics* (Padua) | Reviewer
- 2017 *Journal of Computer Science and Engineering* (Peertechz) | Reviewer
- 2017 *Communications in Mathematical and in Computer Chemistry* (MATCH) | Reviewer
- 2016 **Social Networks** (Elsevier) | Reviewer
- 2016 **Expert Systems with Applications** (Elsevier) | Reviewer

- 2016 *IEEE Transactions on Neural Networks and Learning Systems* (IEEE) | Reviewer
 2015 *IEEE Transactions on Cybernetics* (IEEE) | Reviewer
 2015 *Neural Computing and Applications* (Springer) | Reviewer
 2014 *Journal of Systems and Software* (Elsevier) | Reviewer
 2014 *Modern Physics Letters B* (World Scientific) | Reviewer
 2013 | 14 *International Journal of Modern Physics C* (World Scientific) | Regular reviewer
 2013 **Advances in Complex Systems** (World Scientific) | Reviewer
 2013 **Knowledge-Based Systems** (Elsevier) | Reviewer
 2012 *Chinese Physics B* (IOP Publishing) | Reviewer
 2011 – 15 *Journal of Computer Science and Technology* (Springer) | Regular reviewer
 2010 *International Journal of Information System Modeling and Design* (IGI Publishing) | Reviewer
 2010 | 19 – 21 *Uporabna Informatika* (SDI) | Regular reviewer

CONFERENCE COMMITTEE

- 2025 *International Conference on Network Science* **NetSci** | Program committee
 2017 – 25 *Slovenian Conference on Network Science* **NetSlo** | Organizing committee | With many others
 2023 – 25 *International Conference on Web Search and Data Mining* **WSDM** | Program committee
 2022 – 24 *ECML PKDD Workshop on Mining and Learning With Graphs* **MLG** | Program committee
 2023 | 24 *International Conference on Complex Networks and their Applications* **CNA** | Program committee
 2022 | 23 *The Web Conference* **Web** | Program committee
 2022 *Student Computing Research Symposium* **SCORES** | Organizing committee | With many others
 2021 *International Conference on Modeling and Analysis of Complex Systems and Processes* **MACSPro** | Program committee
 2021 *The Web Conference* **Web** | Local volunteers chair
 2015 | 16 *Networking Slovenian Networkers* **MSN** | Organizing committee | With many others
 2014 – 19 *International Conference on Information and Software Technologies* **ICIST** | Program committee
 2014 – 18 *International Conference on Research Challenges in Information Science* **RCIS** | Program & poster committee
 2014 – 18 *International Conference on Information Technologies and Information Society* **ITIS** | Program committee
 2012 | 18 *International Baltic Conference on Databases and Information Systems* **DB&IS** | Program committee
 2017 *International Electrotechnical and Computer Science Conference* **ERK** | Program committee
 2009 – 11 | 15 *International Conference on Advanced Information Systems* **CAiSE** | Additional reviewer

CONFERENCE ATTENDANCE

- 2014 | 15 | 18 | 22 | 23 | 25 *International Conference on Network Science* **NetSci**
 2017 – 20 | 23 | 24 *Slovenian Conference on Network Science* **NetSlo**
 2014 | 19 | 23 *European Social Networks Conference* **EUSN**
 2022 | 23 *Learning on Graphs Conference* **LoG**
 2021 *The Web Conference* **Web**
 2021 *International Joint Sunbelt and NetSci Conference* **Networks**
 2016 | 17 | 20 *European Conference on Statistical Network Science* **COSTNET**
 2017 *International Conference on Complex Networks* **CompleNet**
 2016 *International Conference on Network Science X* **NetSci-X**
 2015 | 17 *International Workshop on Social Network Analysis* **ARS**
 2015 | 16 *Networking Slovenian Networkers* **MSN**
 2013 *International World Wide Web Conference* **WWW**
 2012 *SIAM International Conference on Data Mining* **SDM**
 2012 *ACM SIGKDD International Conference on Knowledge Discovery and Data Mining* **KDD**
 2009 – 11 *European Conference on Machine Learning & [...] Knowledge Discovery [...]* **ECML PKDD**
 2015 | 16 *International Conference on Information Technologies and Information Society* **ITIS**
 2012 *Balkan Conference in Informatics* **BCI**
 2009 | 12 *Dnevi slovenske informatike* **DSI**
 2010 *Informatika v javni upravi* **IJU**
 2009 *Summer School on the Analysis of Patterns* **AP**

TEACHING EXPERIENCE

LECTURER

ADVANCED TOPICS IN NETWORK SCIENCE

University of Ljubljana | Faculty of Computer and Information Science
PhD students | Elective course | With **Jure Leskovec**
Oct 2015 – Sep 2020

[INTRODUCTION TO] NETWORK ANALYSIS

University of Ljubljana | Faculty of Computer and Information Science
YouTube | <http://bit.ly/2I2dQBS>
MSc students | Mandatory course
Oct 2015 – Sep 2025

PROGRAMMING 2

University of Ljubljana | Faculty of Mathematics and Physics
YouTube | <http://bit.ly/3jRSS5B>
BSc students | Mandatory course
Oct 2018 – Sep 2025

INTRODUCTION TO NETWORK ANALYSIS IN PYTHON

University of Ljubljana | Faculty of Computer and Information Science
GitHub | <http://github.com/lovre/netpy22>
Academics and professionals | Workshop
Sep 2019 | Dec 2019 | Dec 2021 | Jan 2022 | Dec 2022 | Oct 2024

TEACHING ASSISTANT

MACHINE LEARNING WITH GRAPHS

University of Ljubljana | Faculty of Computer and Information Science
BSc and MSc students | Elective course | Lecturer **Jure Leskovec**
Oct 2013 – Sep 2025

INTRODUCTION TO INFORMATION SYSTEMS

University of Ljubljana | Faculty of Computer and Information Science
BSc students | Mandatory course | Lecturer **Dejan Lavbič**
Oct 2015 – Sep 2016

FUNDAMENTALS OF DATABASES

University of Ljubljana | Faculty of Computer and Information Science
BSc students | Mandatory course | Lecturer **Marko Bajec**
Oct 2011 – Sep 2022

DATABASES 1

University of Ljubljana | Faculty of Computer and Information Science
BSc students | Mandatory course | Lecturer **Marko Bajec**
Oct 2008 – Sep 2011

THESIS ADVISORY | BSc , MSc & PHD THESES

- **Đorđe Stevanović** | “Relational deep learning over bibliographic data” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science & Faculty of Mathematics and Physics, 2025)
- **Lan Sevnčnikar** | “Automatic playlist completion using LightGCN” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science & Faculty of Mathematics and Physics, 2025)
- **Mark David Longar** | “The influence of the relational schema on the performance of graph neural networks” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science & Faculty of Mathematics and Physics, 2025)
- **Vid Stropnik** | “An analysis of player-formation graphs for predicting football passes” | MSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2024)
- **Matej Kalc** | “Automobile fraud detection with machine learning on graphs” | MSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2024) | With **Marija Gorenc Novak**
- **Gregor Ažbe** | “Automatic invoice data extraction” | MSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2024) | With **Slavko Žitnik**
- **Mark Bogataj** | “Leakage localization in city water distribution network” | MSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2024)
- **Andraž Matkovič** | “The contribution of temporal information in the computation of brain functional connectivity when assessing its association with interpersonal differences in behaviour” | **PhD thesis** (University of Ljubljana, Faculty of Arts,

2024) | With **Grega Repovš**

- **Ermin Omeragić** | “Classification of financial transactions in accounting using graph neural networks” | MSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2023)
- **Maruša Oražem** | “Modeling product stickiness in a grocery store” | MSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2023)
- **Bisera Nikoloska** | “Network representational learning for classification of patients with neurological disorders” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2023) | With **Andrej Kastrin**
- **Primož Gabrovec** | “Use of social network analysis algorithms on international projects applicants’ data” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2023) | With **Zoran Bosnić**
- **Romi Koželj** | “Modeling the time evolution of seismic activity using network analysis” | MSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2022) | With **Jurij Bajc** | **Prešeren award**
- **Žiga Kokelj** | “Comparison of tainting analysis methods in Bitcoin network” | MSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2021)
- **Luka Kavčič** | “Intermediacy of nodes in networks and applications in scientometrics” | MSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2021)
- **Ilya Makarov** | “Methods of network embeddings and their applications” | **PhD thesis** (University of Ljubljana, Faculty of Computer and Information Science, 2021)
- **Iza Jerman Slabe** | “Predicting hunting success of wild animals in Primorska region” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science & Faculty of Mathematics and Physics, 2021)
- **Sara Oblak** | “Fraud detection in telecommunications using network analysis” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science & Faculty of Mathematics and Physics, 2021)
- **Tim Poštuvan** | “Adaptive graph neural network training objective for link prediction” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science & Faculty of Mathematics and Physics, 2021)
- **Šimen Ravnik** | “Sagittal pelvic orientation feature analysis for predicting degenerative diseases” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2021)
- **Damir Varešanović** | “Comparison of algorithms for network community detection based on label propagation” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2021)
- **Jure Repe** | “Predicting problem difficulty in bouldering” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2019)
- **Simona Malenšek** | “Analysis of human symptoms-disease network” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2019)
- **Žiga Babnik** | “Song similarity analysis based on lyrics, ratings and meta data” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2019)
- **Nina Mrzelj** | “Link prediction in heterogenous networks by embedding nodes in the vector space” | MSc thesis (University of Ljubljana, Faculty of Computer and Information Science & Faculty of Mathematics and Physics, 2019)
- **Elizaveta Chernenko** | “Network determinants of conflict in business organization” | MSc thesis (National Research University, Faculty of Social Sciences, 2019)
- **Robert Dovžan** | “Predicting the click-through rate of ads using factorization machines” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2019) | With **Davorin Kopic**
- **Luka Androjna** | “Optimization of conversions in programatic advertising” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2019) | With **Andraž Tori**
- **Matic Tribušon** | “Properties of sports competitions and relation to market value” | MSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2018) | With **Erik Štrumbelj**
- **Tadej Matek** | “Anomaly detection in computer networks using higher-order dependencies” | MSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2017)
- **Petra Smole** | “Analysis of course co-enrollment at the Faculty of Computer and Information Science” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2016)
- **Rok Fortuna** | “Automated trading system using machine learning and technical analysis of trading” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2016) | With **Matjaž B. Jurič**
- **Angelina Temelkovska** | “Comparison of attributes for predicting online reviews on Amazon” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2016)
- **Vasil Krstev** | “Predicting performance of football teams using network analysis” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2016)
- **Kristijan Mirčeta** | “Extracting temporal knowledge from events in news articles” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2015)
- **Žiga Vučko** | “Predicting categories of news articles using meta-data from the Web” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2015)

THESIS ASSISTANCE | BSc & PhD THESES

- **Neli Blagus** | “Effective simplification of complex real-world networks” | **PhD thesis** (University of Ljubljana, Faculty of Computer and Information Science, 2016) | Advisor **Marko Bajec**
- **Slavko Žitnik** | “Iterative semantic information extraction from unstructured text sources” | **PhD thesis** (University of Ljubljana, Faculty of Computer and Information Science, 2014) | Advisor **Marko Bajec**
- **Matjaž Hribernik** | “Predicting the outcome of badminton matches based on network analysis” | **BSc thesis** (University of Ljubljana, Faculty of Computer and Information Science, 2014) | Advisor **Marko Bajec**
- **Igor Jončevski** | “Predicting business ownership based on board collaboration networks” | **BSc thesis** (University of Ljubljana, Faculty of Computer and Information Science, 2014) | Advisor **Marko Bajec**
- **Nejc Gašperin** | “Web application for commuters” | **BSc thesis** (University of Ljubljana, Faculty of Computer and Information Science, 2012) | Advisor **Marko Bajec**
- **Slavko Žitnik** | “Intelligent data retrieval from arbitrary data sources” | **BSc thesis** (University of Ljubljana, Faculty of Computer and Information Science & Faculty of Mathematics and Physics, 2012) | Advisor **Marko Bajec**
- **Mitja Kuščer** | “Random networks generation using machine learning method” | **BSc thesis** (University of Ljubljana, Faculty of Computer and Information Science, 2009) | Advisor **Marko Bajec**
- **Tomaž Kuralt** | “Autonomous system for data networks integration” | **BSc thesis** (University of Ljubljana, Faculty of Computer and Information Science, 2009) | Advisor **Marko Bajec**

PROJECT EXPERIENCE

WISDOM LABS, D.O.O. | KNOWLEDGE GRAPHS

University of Ljubljana | Faculty of Computer and Information Science
Development of methods and algorithms for analysis of knowledge graphs
Industry funded project | Project leader
Nov 2021 — Jan 2023

COSTNET | STATISTICAL NETWORK ANALYSIS

University of Ljubljana | Faculty of Computer and Information Science
European cooperation for statistics of network data science
EU COST action | Management committee substitute
May 2016 — May 2020

ARRS | IMMIGRATION AND INTEGRATION

Faculty of Information Studies in Novo mesto
Understanding immigration and integration through social dynamics
ARRS basic project | Project member
Sep 2017 — Apr 2018

PETROL, D.D. | BUSINESS NETWORK ANALYSIS

University of Ljubljana | Faculty of Computer and Information Science
Development of methods and algorithms for network analysis in large company
Postdoctoral research project | Project leader
Jan 2014 — June 2015

CELTRA, D.O.O. | ADS ANOMALY DETECTION

University of Ljubljana | Faculty of Computer and Information Science
Development of methods and algorithms for anomaly detection in mobile ads service
Industry funded project | Project leader
Apr 2014 — Mar 2015

STREAM MINING ENVIRONMENT

University of Ljubljana | Faculty of Computer and Information Science
Development and implementation of programming environment for stream mining
Research project | Project leader
Sep 2012 — Mar 2014

ISKRATEL, D.O.O. | HIGHWAY TRAFFIC SIMULATION

University of Ljubljana | Faculty of Computer and Information Science
Development and implementation of simulation environment for highway traffic
Industry funded project | Package leader
Jan — June 2012

OPTILAB, D.O.O. | INSURANCE FRAUD DETECTION

University of Ljubljana | Faculty of Computer and Information Science

Development of methods and algorithms for fraud detection in automobile insurance

Industry funded project | Package leader

Jan 2008 — June 2010

INEA, D.O.O. | BATCH PROCESS AUTOMATION

Jožef Stefan Institute | Department of Systems and Control

Implementation of methods and algorithms for batch process automation

Industry funded project | Student work

July 2006 — June 2008

MEDICAL SIGNAL ANALYSIS

Jožef Stefan Institute | Department of Communication Systems

Implementation of methods and algorithms for signal analysis in medicine

Research project | Student work

July 2005 — Sep 2005

IT & PROGRAMMING SKILLS

General purpose languages: **JAVA** | **PHYTON** | **C/C++**

Scripting languages: **JAVASCRIPT** | **R** | **SHELL**

Query languages: **SQL** | **NoSQL** | **XQUERY**

Markup languages: **XHTML** | **XML** | **CSS**

Declarative languages: **PROLOG**

Numeric computation: **MATLAB**

Symbolic computation: **MATHEMATICA**

Digital typesetting: **TEX** | **L^ATEX**

LANGUAGES

SLOVENE | Native speaker

ENGLISH | Fluent

CROATIAN | Basic

GERMAN | Very basic
