RESEARCH INTERESTS

NETWORK SCIENCE | Primary research area
Structure and dynamics of complex social, information & technological networks
Methods and algorithms for network modeling, sampling & comparison, clustering & partitioning, link analysis
Applications in bibliometrics & scientometrics, fraud & anomaly detection, software engineering

GRAPH MACHINE LEARNING | Secundary research area
Machine learning with graphs, graph representation learning & relational deep learning

DATA SCIENCE | Other fields of interest
Selected areas of data analysis, data mining, stream mining, statistics

EDUCATION

PhD | Computer and Information Science
University of Ljubljana | Faculty of Computer and Information Science
Thesis "Detecting groups of nodes in networks using label propagation" | Advisor **Marko Bajec**
Course grade average: 9.82 / 10.0 | Thesis grade: 10
Oct 2008 — June 2013

DIPLOMA [BSc] | Computer Science and Mathematics
University of Ljubljana | Faculty of Computer and Information Science & Faculty of Mathematics and Physics
Diploma "Detecting fraud based on the analysis of social networks" | Advisors **Marko Bajec** & **Matjaž Kukar** | **Prešeren award**
Course grade average: 9.78 / 10.0 | Diploma grade: 10 | Summa Cum Laude
Oct 2004 — Sep 2008

POSITIONS

ASSOCIATE PROFESSOR | Computer and Information Science
University of Ljubljana | Faculty of Computer and Information Science
Oct 2022 — Oct 2027

RESEARCH FELLOW | Methodology, Statistics and Informatics
University of Ljubljana | Faculty of Social Sciences
Jan 2018 — Dec 2026

Teacher & Assistant
University of Ljubljana | Faculty of Computer and Information Science
Oct 2015 — & July — Dec 2013

[Postdoctoral] Researcher
University of Ljubljana | Faculty of Computer and Information Science
Oct 2008 — June 2015

FUNDING

Slovenian Ministry of Education, Science and Sport & European Union, European Social Fund
Development of algorithms for network analysis in large company | Funding awarded **73,152 €**
Jan 2014 — June 2015

AWARDS & HONORS

2017 **University award** | University of Ljubljana | Young university professors
2012 **National award** | Slovenian Research Agency | Journal publication
2011 **Faculty award** | University of Ljubljana | Faculty of Computer and Information Science | Journal publication
2008 **Prešeren award** | University of Ljubljana | Faculty of Computer and Information Science | BSc thesis
2008 **1st place** | University of California, San Diego | Data Mining Contest | Undergraduate division
2006 **Rector's list** | University of Ljubljana | Top university students
2005 — 08 **Dean's list** | University of Ljubljana | Faculty of Computer and Information Science | Top faculty students
2000 — 08 **Zois fellowship** | Slovene Human Resources and Scholarship Fund | Top national students

TALKS & SEMINARS

- "Intermediacy and convexity in networks" | Department seminar (**Central European University**, Department of Network and Data Science, 2025) | Host **Márton Pósfai**
- "Network abstraction with backbones and skeletons: Spanning trees versus convex skeletons" | Department seminar (**Imperial College London**, Centre for Complexity Science, 2022) | Host **Tim Evans**
- "On computing spanning trees of unweighted networks" | *Wednesday Seminar* (University of Ljubljana, Faculty of Mathematics and Physics, 2021) | Host **Vladimir Batagelj**
- "Intermediacy of publications: Uncovering important publications for the development of a field" | At: *6th European Conference on Statistical Network Science* ***COSTNET*** (online, 2020)
- "Label propagation for clustering" | At: *6th Slovenian Conference on Network Science* ***NetSlo*** (Ljubljana, Slovenia, 2020)
- "Intermediacy of publications" | At: *5th Slovenian Conference on Network Science* ***NetSlo*** (Ljubljana, Slovenia, 2019)
- "Intermediacy of publications" | *AI Seminar* (University of Ljubljana, Faculty of Computer and Information Science, 2019) | Host **Marko Robnik-Šikonja**
- "Convexity in complex networks" | *LCN2 Seminar* (**Leiden University**, Institute of Advanced Computer Science, 2017) | Host **Frank W. Takes**
- "Network analysis in bibliometrics" | Department seminar (**Leiden University**, Centre for Science and Technology Studies, 2017) | Host **Vincent Traag**
- "On convexity in complex networks" | At: *6th International Workshop on Social Network Analysis* ***ARS*** (Naples, Italy, 2017)
- "Should you (not) publish in computer science journals?" | *Cookie Seminar* (University of Ljubljana, Faculty of Computer and Information Science, 2017) | Host **Sebastijan Šprager**
- "Comparison of methods for clustering scientific publications based on citations" | *IBMI Seminar* (University of Ljubljana, Faculty of Medicine, 2017) | Host **Nataša Kejžar**
- "Reliability of bibliographic databases for scientometrics network analysis" | At: *8th International Conference on Information Technologies and Information Society ITIS* (Šmarješke toplice, Slovenia, 2016)
- "On convexity in complex networks" | *Wednesday Seminar* (University of Ljubljana, Faculty of Mathematics and Physics, 2016) | Host **Vladimir Batagelj**
- "Network analysis vs WikiLeaks" | *Cookie Seminar* (University of Ljubljana, Faculty of Computer and Information Science, 2015) | Host **Janez Demšar**
- "Selected topics from network analysis" | *Wednesday Seminar* (University of Ljubljana, Faculty of Mathematics and Physics, 2014) | Host **Vladimir Batagelj**
- "Network analysis" | Habilitation lecture (University of Ljubljana, Faculty of Computer and Information Science, 2014) | Host **Igor Kononenko**
- "Network and link analysis" | Department seminar (**University of West Bohemia**, Department of Computer Science and Engineering, 2014) | Host **Dalibor Fiala**
- "Detecting groups of nodes in networks by label propagation" | Invited lecture (Faculty of Information Studies in Novo mesto, 2014) | Host **Zoran Levnajić**
- "An expert system for detecting automobile insurance fraud using social network analysis" | Invited talk (Slovenian Academy of Sciences and Arts, 2013) | **National award**
- "Detecting insurance fraud using network analysis" | *Seminar for Probability, Statistics and Financial Mathematics* (University of Ljubljana, Faculty of Mathematics and Physics, 2013) | Host **Aleš Toman**
- "Structured-world conjecture: On modules and communities in real-world networks" | Group seminar (**Stanford University**, Computer Science Department, 2012) | Host **Jure Leskovec**
- "Structured-world conjecture: On modules and communities in real-world networks" | *AI Seminar* (**University of California, San Diego**, Department of Computer Science and Engineering, 2012) | Host **Charles Elkan**
- "Introduction to data networks analysis" | Invited lecture (University of Ljubljana, Faculty of Computer and Information Science, 2010) | Host **Marko Bajec**

CONFERENCE COMMITTEE

2023 | 24 | 26 *International Conference on Complex Networks and their Applications* ***CNA*** | **Program committee**
2022 — 24 | 26 *ECML PKDD Workshop on Mining and Learning With Graphs* ***MLG*** | **Program committee**
2025 | 26 *International Conference on Network Science* ***NetSci*** | **Program committee**
2017 — 26 *Slovenian Conference on Network Science* ***NetSlo*** | **Organizing committee** | With many others
2022 | 25 | 26 *Student Computing Research Symposium* ***SCORES*** | **Organizing & program committee** | With many others
2022 — 25 *International Conference on Web Search and Data Mining* ***WSDM*** | **Program committee**
2022 | 23 *The Web Conference* ***Web*** | **Program committee**
2021 *International Conference on Modeling and Analysis of Complex Systems and Processes MACSPro* | **Program committee**
2021 *The Web Conference* ***Web*** | **Local volunteers chair**
2015 | 16 *Networking Slovenian Networkers MSN* | **Organizing committee** | With many others
2014 — 19 *International Conference on Information and Software Technologies ICIST* | **Program committee**
2014 — 18 *International Conference on Research Challenges in Information Science RCIS* | **Program & poster committee**
2014 — 18 *International Conference on Information Technologies and Information Society ITIS* | **Program committee**
2012 | 18 *International Baltic Conference on Databases and Information Systems DB&IS* | **Program committee**
2017 *International Electrotechnical and Computer Science Conference ERK* | **Program committee**
2009 — 11 | 15 *International Conference on Advanced Information Systems* ***CAiSE*** | Additional reviewer

CONFERENCE ATTENDANCE

2014 | 15 | 18 | 22 | 23 | 25 *International Conference on Network Science* ***NetSci***
2017 — 20 | 23 — 25 *Slovenian Conference on Network Science* ***NetSlo***
2014 | 19 | 23 *European Social Networks Conference* ***EUSN***
2022 | 23 *Learning on Graphs Conference* ***LoG***
2021 *The Web Conference* ***Web***
2021 *International Joint Sunbelt and NetSci Conference* ***Networks***
2016 | 17 | 20 *European Conference on Statistical Network Science* ***COSTNET***
2017 *International Conference on Complex Networks* ***CompleNet***
2016 *International Conference on Network Science X* ***NetSci-X***
2015 | 17 *International Workshop on Social Network Analysis* ***ARS***
2015 | 16 *Networking Slovenian Networkers MSN*
2013 *International World Wide Web Conference* ***WWW***
2012 *SIAM International Conference on Data Mining* ***SDM***
2012 *ACM SIGKDD International Conference on Knowledge Discovery and Data Mining* ***KDD***
2009 — 11 *European Conference on Machine Learning & […] Knowledge Discovery […]* ***ECML PKDD***
2015 | 16 *International Conference on Information Technologies and Information Society ITIS*
2012 *Balkan Conference in Informatics BCI*
2009 | 12 *Dnevi slovenske informatike DSI*
2010 *Informatika v javni upravi IJU*
2009 *Summer School on the Analysis of Patterns AP*

TEACHING EXPERIENCE

LECTURER

Machine Learning with Graphs
University of Ljubljana | Faculty of Computer and Information Science
MSc students | Elective course | With **Jure Leskovec**
Oct 2026 — Sep 2027

Machine Learning with Graphs
Central European University | Department of Network and Data Science
MSc and PhD students | Elective course
Sep — Dec 2025

Advanced Topics in Network Science
University of Ljubljana | Faculty of Computer and Information Science
PhD students | Elective course | With **Jure Leskovec**
Oct 2015 — Sep 2020

[Introduction to] Network Analysis
University of Ljubljana | Faculty of Computer and Information Science
YouTube | `http://bit.ly/2I2dQBS`
MSc students | Mandatory course
Oct 2015 — Sep 2027

Programming 2
University of Ljubljana | Faculty of Mathematics and Physics
YouTube | `http://bit.ly/3jRSS5B`
BSc students | Mandatory course
Oct 2018 — Sep 2027

Introduction to Network Analysis in Python
University of Ljubljana | Faculty of Computer and Information Science
GitHub | `http://github.com/lovre/netpy24`
Academics and professionals | Workshop
Sep 2019 | Dec 2019 | Dec 2021 | Jan 2022 | Dec 2022 | Oct 2024

TEACHING ASSISTANT

Machine Learning with Graphs
University of Ljubljana | Faculty of Computer and Information Science
BSc and MSc students | Elective course | Lecturer **Jure Leskovec**
Oct 2013 — Sep 2026

Introduction to Information Systems
University of Ljubljana | Faculty of Computer and Information Science
BSc students | Mandatory course | Lecturer **Dejan Lavbič**
Oct 2015 — Sep 2016

Fundamentals of Databases
University of Ljubljana | Faculty of Computer and Information Science
BSc students | Mandatory course | Lecturer **Marko Bajec**
Oct 2011 — Sep 2022

Databases 1
University of Ljubljana | Faculty of Computer and Information Science
BSc students | Mandatory course | Lecturer **Marko Bajec**
Oct 2008 — Sep 2011

THESIS ADVISORY | BSc , MSc & PhD Theses

- **Tomi Božak** | "Graph neural networks for valence classification from eye-tracking data" | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science & Faculty of Mathematics and Physics, 2026) | With **Gašper Slapničar**
- **Mai Ngoc Nong** | "Bridging temporal and heterophilic graph learning for first-party financial fraud detection" | MSc thesis (Central European University, Department of Network and Data Science, 2026) | With **Petra Kralj Novak**
- **Sara Oblak** | "Enhancing dynamic scene reconstruction with deformation priors" | MSc thesis (University of Ljubljana,

Faculty of Computer and Information Science & Faculty of Mathematics and Physics, 2026) | With **Matan Atzmon** | **Prešeren award**

- **Gregor Mlinarič** | "Decision support systems for penicillin production optimization" | MSc thesis (University of Ljubljana, Faculty of Computer and Information Science & Faculty of Mathematics and Physics, 2025) | With **Miha Glavan** | **Society award**
- **Martin Jurkovič** | "Graph representation learning for evaluation of synthetic relational data" | MSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2025) | **Prešeren award**
- **Đorđe Stevanović** | "Relational deep learning over bibliographic data" | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science & Faculty of Mathematics and Physics, 2025)
- **Lan Sevčnikar** | "Automatic playlist completion using LightGCN" | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science & Faculty of Mathematics and Physics, 2025)
- **Mark David Longar** | "The influence of the relational schema on the performance of graph neural networks" | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science & Faculty of Mathematics and Physics, 2025)
- **Vid Stropnik** | "An analysis of player-formation graphs for predicting football passes" | MSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2024) | **Prešeren award**
- **Matej Kalc** | "Automobile fraud detection with machine learning on graphs" | MSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2024) | With **Marija Gorenc Novak**
- **Gregor Ažbe** | "Automatic invoice data extraction" | MSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2024) | With **Slavko Žitnik**
- **Mark Bogataj** | "Leakage localization in city water distribution network" | MSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2024)
- **Andraž Matkovič** | "The contribution of temporal information in the computation of brain functional connectivity when assessing its association with interpersonal differences in behaviour" | **PhD thesis** (University of Ljubljana, Faculty of Arts, 2024) | With **Grega Repovš**
- **Ermin Omeragić** | "Classification of financial transactions in accounting using graph neural networks" | MSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2023)
- **Maruša Oražem** | "Modeling product stickiness in a grocery store" | MSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2023)
- **Bisera Nikoloska** | "Network representational learning for classification of patients with neurological disorders" | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2023) | With **Andrej Kastrin**
- **Primož Gabrovec** | "Use of social network analysis algorithms on international projects applicants' data" | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2023) | With **Zoran Bosnić**
- **Romi Koželj** | "Modeling the time evolution of seismic activity using network analysis" | MSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2022) | With **Jurij Bajc** | **Prešeren award**
- **Žiga Kokelj** | "Comparison of tainting analysis methods in Bitcoin network" | MSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2021)
- **Luka Kavčič** | "Intermediacy of nodes in networks and applications in scientometrics" | MSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2021)
- **Ilya Makarov** | "Methods of network embeddings and their applications" | **PhD thesis** (University of Ljubljana, Faculty of Computer and Information Science, 2021)
- **Iza Jerman Slabe** | "Predicting hunting success of wild animals in Primorska region" | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science & Faculty of Mathematics and Physics, 2021)
- **Sara Oblak** | "Fraud detection in telecommunications using network analysis" | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science & Faculty of Mathematics and Physics, 2021)
- **Tim Poštuvan** | "Adaptive graph neural network training objective for link prediction" | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science & Faculty of Mathematics and Physics, 2021)
- **Šimen Ravnik** | "Sagittal pelvic orientation feature analysis for predicting degenerative diseases" | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2021)
- **Damir Varešanović** | "Comparison of algorithms for network community detection based on label propagation" | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2021)
- **Jure Repe** | "Predicting problem difficulty in bouldering" | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2019)
- **Simona Malenšek** | "Analysis of human symptoms-disease network" | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2019)
- **Žiga Babnik** | "Song similarity analysis based on lyrics, ratings and meta data" | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2019)
- **Nina Mrzelj** | "Link prediction in heterogenous networks by embedding nodes in the vector space" | MSc thesis (University of Ljubljana, Faculty of Computer and Information Science & Faculty of Mathematics and Physics, 2019)
- **Elizaveta Chernenko** | "Network determinants of conflict in business organization" | MSc thesis (National Research University, Faculty of Social Sciences, 2019)

- Robert Dovžan | “Predicting the click-through rate of ads using factorization machines” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2019) | With **Davorin Kopič**
- Luka Androjna | “Optimization of conversions in programatic advertising” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2019) | With **Andraž Tori**
- Matic Tribušon | “Properties of sports competitions and relation to market value” | MSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2018) | With **Erik Štrumbelj**
- Tadej Matek | “Anomaly detection in computer networks using higher-order dependencies” | MSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2017)
- Petra Smole | “Analysis of course co-enrollment at the Faculty of Computer and Information Science” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2016)
- Rok Fortuna | “Automated trading system using machine learning and technical analysis of trading” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2016) | With **Matjaž B. Jurič**
- Angelina Temelkovska | “Comparison of attributes for predicting online reviews on Amazon” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2016)
- Vasil Krstev | “Predicting performance of football teams using network analysis” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2016)
- Kristijan Mirčeta | “Extracting temporal knowledge from events in news articles” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2015)
- Žiga Vučko | “Predicting categories of news articles using meta-data from the Web” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2015)

THESIS ASSISTANCE | BSc & PhD Theses

- Neli Blagus | “Effective simplification of complex real-world networks” | **PhD thesis** (University of Ljubljana, Faculty of Computer and Information Science, 2016) | Advisor **Marko Bajec**
- Slavko Žitnik | “Iterative semantic information extraction from unstructured text sources” | **PhD thesis** (University of Ljubljana, Faculty of Computer and Information Science, 2014) | Advisor **Marko Bajec**
- Matjaž Hribernik | “Predicting the outcome of badminton matches based on network analysis” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2014) | Advisor **Marko Bajec**
- Igor Jončevski | “Predicting business ownership based on board collaboration networks” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2014) | Advisor **Marko Bajec**
- Nejc Gašperin | “Web application for commuters” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2012) | Advisor **Marko Bajec**
- Slavko Žitnik | “Intelligent data retrieval from arbitrary data sources” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science & Faculty of Mathematics and Physics, 2012) | Advisor **Marko Bajec**
- Mitja Kuščer | “Random networks generation using machine learning method” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2009) | Advisor **Marko Bajec**
- Tomaž Kuralt | “Autonomous system for data networks integration” | BSc thesis (University of Ljubljana, Faculty of Computer and Information Science, 2009) | Advisor **Marko Bajec**

PROJECT EXPERIENCE

WISDOM LABS, D.O.O. | Knowledge Graphs

University of Ljubljana | Faculty of Computer and Information Science
Development of methods and algorithms for analysis of knowledge graphs
Industry funded project | Project leader
Nov 2021 — Jan 2023

COSTNET | Statistical Network Analysis

University of Ljubljana | Faculty of Computer and Information Science
European cooperation for statistics of network data science
EU COST action | Management committee substitute
May 2016 — May 2020

ARRS | Immigration and Integration

Faculty of Information Studies in Novo mesto
Understanding immigration and integration through social dynamics
ARRS basic project | Project member
Sep 2017 — Apr 2018

PETROL, D.D. | Business Network Analysis
University of Ljubljana | Faculty of Computer and Information Science
Development of methods and algorithms for network analysis in large company
Postdoctoral research project | Project leader
Jan 2014 — June 2015

CELTRA, D.O.O. | Ads Anomaly Detection
University of Ljubljana | Faculty of Computer and Information Science
Development of methods and algorithms for anomaly detection in mobile ads service
Industry funded project | Project leader
Apr 2014 — Mar 2015

Stream Mining Environment
University of Ljubljana | Faculty of Computer and Information Science
Development and implementation of programming environment for stream mining
Research project | Project leader
Sep 2012 — Mar 2014

ISKRATEL, D.O.O. | Highway Traffic Simulation
University of Ljubljana | Faculty of Computer and Information Science
Development and implementation of simulation environment for highway traffic
Industry funded project | Package leader
Jan — June 2012

OPTILAB, D.O.O. | Insurance Fraud Detection
University of Ljubljana | Faculty of Computer and Information Science
Development of methods and algorithms for fraud detection in automobile insurance
Industry funded project | Package leader
Jan 2008 — June 2010

INEA, D.O.O. | Batch Process Automation
Jožef Stefan Institute | Department of Systems and Control
Implementation of methods and algorithms for batch process automation
Industry funded project | Student work
July 2006 — June 2008

Medical Signal Analysis
Jožef Stefan Institute | Department of Communication Systems
Implementation of methods and algorithms for signal analysis in medicine
Research project | Student work
July 2005 — Sep 2005

IT & PROGRAMMING SKILLS

General purpose languages: Phyton | Java | C/C++
Scripting languages: R | JavaScript | shell
Query languages: SQL | NoSQL | XQuery
Markup languages: XHTML | XML | CSS
Declarative languages: Prolog
Numeric computation: Matlab
Symbolic computation: Mathematica
Digital typesetting: TEX | LATEX

LANGUAGES

Slovene | Native speaker
English | Fluent
Croatian | Basic
German | Very basic
